Mr. Coffey:

The report to the Executive Director mentioned by Mr. [redacted] in the first paragraph of his memorandum refers to the interim report I sent to the DD/S on 15 September. This information and an interim report from the DD/S&T -- also mentioned in Mr. [redacted] memorandum -- were held up by Mr. [redacted] request to [redacted] in favor of this Agency-wide report.

Since 17 September -- the cut-off date mentioned in the memorandum -- additional cards have come in and are being tabulated.

As of this date -- 1 October -- the situation for the Support Services is as follows:

[redacted] cards were issued. We have received [redacted] returns, or approximately 63%. This means [redacted] cards are still to be returned.

25X9

Of these [redacted] are to be returned from Security (this large number due to their [redacted] assignees); and [redacted] from the Office of Communications (also representing assignees away from Headquarters area).

25X1

This total of [redacted] for Communications and Security pretty well closes the gap in terms of total cards to come back.

At the time the cards were issued the names of all personnel who have untested proficiencies who are currently overseas were sent to the Central Processing Branch pending their return. The Agency total was [redacted] and was not at the time broken down by Directorate due to the fact that they were all in Clandestine Service positions. I will try to get an exact total for the Support Services in this group.

25X9

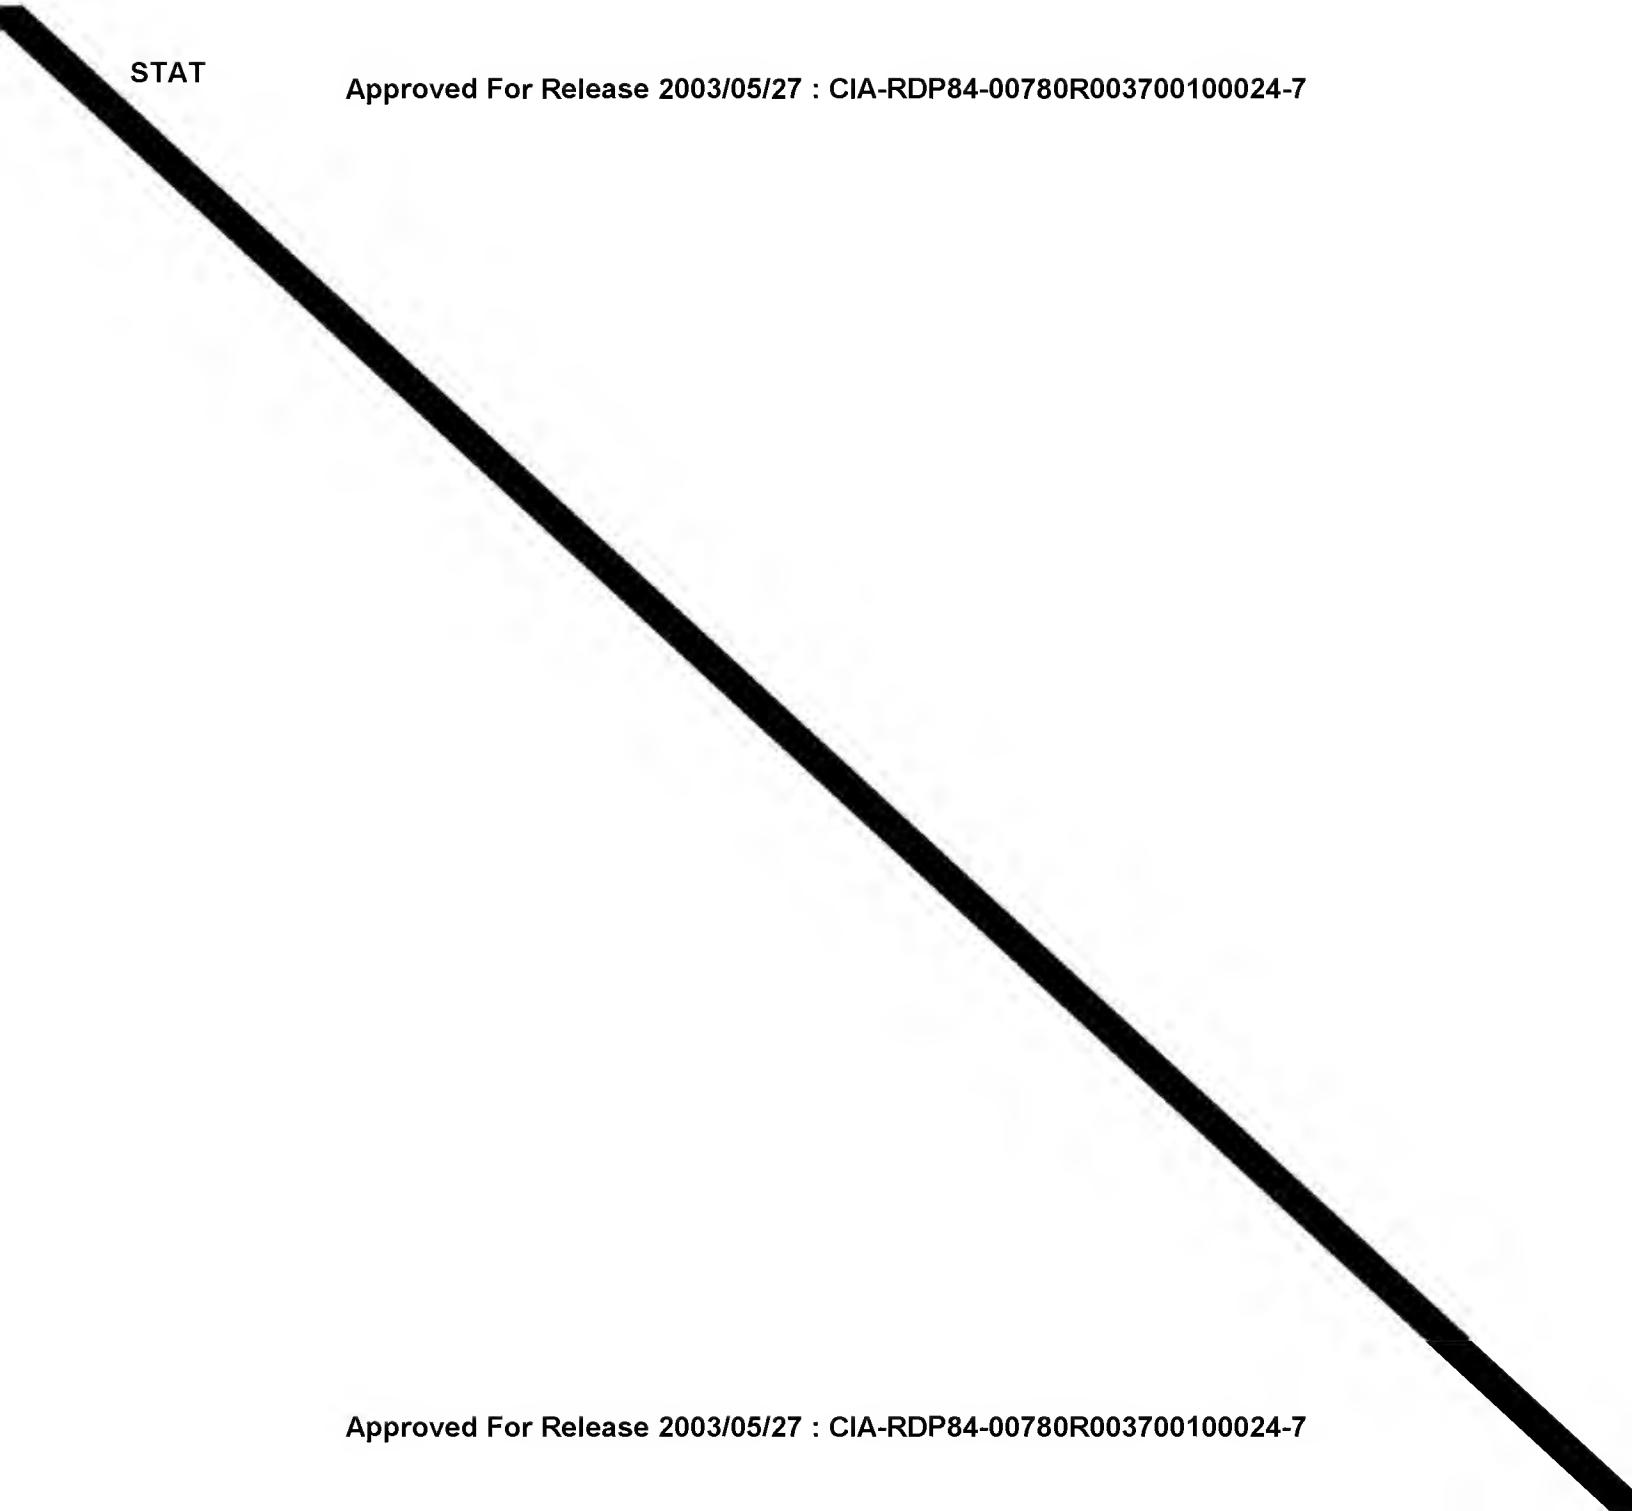

You may wish to report these figures separately to the Executive Director as of this 1 October date. If not, I will report to you precise figures by 15 October so that the DD/S may report to the Executive Director in company with the reports due from the DD/P and the DD/I.
